

Jason Lehman, Commissioner of Goshen Housing Authority

*“When we, as a Commission, started digging into the Goshen Housing Authority financials last summer, it quickly became apparent that we needed a CPA firm that has an eye for detail and a dogged determination. I am glad that we were able to bring Craig Yahne of David Culp & Co. LLP in to assist us as he possesses both of these qualities in spades. His tenacity and high level of customer service were exactly what our Organization, and myself as Commission President at the time, needed. Without David Culp & Co. LLP, we would still be lost in the weeds.”*
