

Kevin Deary, President & CEO of Boys & Girls Clubs of Greater Goshen, Inc.

“Our deepest thanks and gratitude for the process developed by David Culp & Co. LLP for our annual audit this past year. Thanks to Craig Yahne’s initial meeting with our staff in preparation for our annual audit, we found the entire audit process easy and balanced. With all the regulatory changes from FASB and governing a non-profit, it was very helpful to be made aware of changes just within this past year. David Culp & Co. LLP did an outstanding job in performing our audit and ensuring that we were compliant in all areas and shared with us ways to improve our financial procedures and policies for next year. We at the Boys & Girls Clubs of Elkhart County could not have been more pleased.”
