*“It takes a special commitment toward their customers and the important missions of their organizations to deliver more than what is expected and do it on time and in budget. With the services of David Culp & Co. LLP you get just that with your audit: “best practices” accounting, as-you-go training regarding state-of-the-art accounting solutions and regulations and a well-organized management presentation all with an eye on your bottom line. What can sometimes be a painful process is no longer the dreaded annual audit! Imagine that!”*
